

Guyenne Papier's SuniBarrier products are 100% eco-responsible.

Thermobee

THE HEAT-SEALABLE!

Available in Jumbo and Format

Characteristics

UNIVERSALBEE is a heat-sealable, water and grease, barrier product and has a low water vapour transmission.

The surface treatment applied is water-based and does not release nanoparticles.

Our UNIVERSALBEE coating is:

- **Recyclable and repulpable**
- **Complies with Food contact regulations** (EC) N° 1935/2004, (EC) N° 2023/2006 and (UE) N° 10/2011

Several grammages possible.

Advantages

- **Excellent water and grease barrier**
- **Water Vapour Barrier**
- **Thermo-sealable**
- Compatible with wet elements
- Food contact
- **Coated without plastic film and without fluorinated resin**

Applications

Packaging for dry, fatty and moist products:
Biscuits, sweets, moist and/or fatty foods, cold cuts, fish, meat, food trays, cups etc.

SuniBarrier UNIVERSALBEE paper is recommended for all packaging that comes into contact with food
